***Dues Computation:** To calculate the number of Full-Time Equivalent Employees (FTEE), add up total annual hours for hourly employees and divide by 2080. Add this number to the total number of salaried employees, and this total is your FTEE. Business owner(s) should be included in employee count.

****Associate:** A member whose physical location is outside of the Central DeWitt Community School District boundaries and receives limited benefits. If interested in receiving additional benefits, an Associate can choose to become a Friend, Partner, or Investor by paying dues based on the number of FTEE in the business that is located closest to DeWitt.

*****If you have more than one business, calculate dues based on your largest business; each additional business, pay 50% of "Friend" dues.**
